Subject Index to Volume 7

Aborigines, Australian, suffer from renal tract calculi? 380
Acupuncture analgesia: I. Review of clinical studies, 642
Air quality criteria, ambient, epidemiological bases for, 78
Alcohol, ethyl, effect on striated muscle; some clinical and pathological observations, 485
Alcoholism, thiamine status in, 475
Allopurinol associated hypersensitivity reactions; cutaneous and renal manifestations, 518
Alpha$_1$-antitrypsin deficiency; a literature review and a case report of a patient with chronic obstructive airways disease and cirrhosis, 400
Amyloidosis, primary, with cardiac involvement diagnosed by left ventricular endomyocardial biopsy, 427
Analgesic abuse, renal papillary necrosis and concomitant drug intake, 253
Analgesic abuse, renal parenchymal disease and carcinoma of the kidney or ureter, 463
Anticonvulsant therapy, salivary antipyrine kinetics in hepatic and renal disease and in patients on, 385
Antigen, carcinoembryonic, in renal allograft recipients and immunosuppressed renal patients, 16
Antigens, histocompatibility; associations with immunopathic diseases and with responses to microbial antigens, 616
Antigens, tissue; autoantigens, alloantigens, xenoantigens and neoantigens, 172
Aortic regurgitation, chronic, role of echocardiography in the assessment of, 491
Aspirin tablets, effects of enteric coating on occult gastrointestinal blood loss, 600
Asthma, exercise-induced, a comparison of oral theophylline and oral salbutamol in, 270

Bacteraemia following oesophageal dilatation and oesophago-gastroscopy, 32
Bence Jones proteinuria, massive, and preservation of renal function, multiple myeloma with, 60
Bile salt metabolism: I. The physiology of bile salts, 579
II. Bile salts and disease, 587
Blood glucose in diabetics using an artificial pancreas, control of, 280
Blood lipids and lipoproteins in a rural New Zealand population, 134
Bowel changes, small, in dermatitis herpetiformis, factors influencing, 356

Cancer and teratogenesis; infrequent occurrence after medical use of immunosuppressive drugs, 368
Carcinoembryonic antigen in renal allograft recipients and immunosuppressed renal patients, 16
Carcinoma of bile duct in ulcerative colitis, hepatic venous occlusion from, 404
Carcinoma of the breast, treatment of malignant pericardial effusion in, 169
Carcinoma of the kidney or ureter, analgesic abuse and renal parenchymal disease, 463
Cardiac involvement diagnosed by left ventricular endomyocardial biopsy, primary amyloidosis with, 427
Cardiotoxicity, ouabain, associated with circulatory volume overload in the dog, myocardial ouabain content and susceptibility to, 275
Cholesterol and phospholipid; influence of body weight on the output of lipids in mesenteric lymph, 151
Cigarette smoking in a cohort of Sydney schoolchildren, 1971–1974, 470
Cirrhosis and chronic obstructive airways disease, a literature review and a case report of a patient with; alpha$_1$-antitrypsin deficiency, 400
Cirrhosis of the liver, testosterone in the management of, 596
Clonidine, use by intramuscular injection in the treatment of hypertension, 131
Coeliac disease, immunological abnormalities in, and their response to dietary restriction, 349
Colitis, ulcerative, hepatic venous occlusion from carcinoma of bile duct in, 404
Coma, fatal hepatic, complicating oxymetholone therapy in multiple myeloma, 47
Coma, myxoedema, successfully treated by low dose oral triiodothyronine, 163
Complement system in infectious mononucleosis, 23
Computer-based postal questionnaire, use for the detection of hypothyroidism following radioiodine therapy for thyrotoxicosis, 27
Coronary artery disease, anatomically defined, comparative values in patients with; physiological responses to maximal exercise in a normal Australian population, 497
Coronary artery obstruction, left main; early surgical experience with 42 patients, 390

Dermatitis herpetiformis, factors influencing small bowel changes in, 356
Diabetes mellitus, human, and viruses, lack of relationship between, 139
Diabetic patients in Singapore, torulopsis glabrata urinary tract infections in, 56
Diabetics, control of blood glucose using an artificial pancreas, 280
Diarrhoea syndrome, watery, with episodic hypercalcaemia, 63
Drug intake, concomitant, analgesic abuse and renal papillary necrosis, 253
Drugs, adverse reactions to; a 12 month hospital survey, 382
Duodenum and stomach, endoscopic diagnosis of metastatic disease of, 52

Echocardiography in the assessment of chronic aortic regurgitation, role of, 491
Effusion, malignant pericardial, treatment in carcinoma of the breast, 169
Electromyographic (EMG) study in thyrotoxic periodic paralysis, 507
Encephalitis, herpes simplex, 408
Endomyocardial biopsy, left ventricular, primary amyloidosis with cardiac involvement diagnosed by, 427
Endoscopic diagnosis of metastatic disease of the stomach and duodenum, 52

Enteric coating of aspirin tablets on occult gastrointestinal blood loss, effects of, 600
Epidemiological bases for ambient air quality criteria, 78
Erythromycin jaundice; diagnosis by an *in vitro* challenge test, 291
Ethyl alcohol, effect on striated muscle; some clinical and pathological observations, 485
Exercise, maximal, in a normal Australian population, physiological responses to; comparative values in patients with anatomically defined coronary artery disease, 497

Fertility and the physician, 320

Gastric ulcer, chronic, treatment of, 238
Gastrointestinal blood loss, occult, effects of enteric coating of aspirin tablets on, 600
Gastroscopic diagnosis; jejuno-gastric intussusception, 515
Glycocholic acid, intravenously injected radiolabelled, in patients with liver disease, plasma disappearance of, 148

Haemophilia A with factor VIII antibodies, use of non-activated prothrombin concentrate in the management of, 286
Health survey, an Auckland high school, 143
Hepatic and renal disease, salivary antipyrine kinetics in, and in patients on anticonvulsant therapy, 385
Hepatic coma, fatal, complicating oxymetholone therapy in multiple myeloma, 47
Hepatic venous occlusion from carcinoma of bile duct in ulcerative colitis, 404
Hepatitis B antigen; a survey in a major metropolitan hospital, 394
Hepatitis B with pleural effusion, a case of, 636
Herpes simplex encephalitis, 408
Histocompatibility antigens (HLA); associations with immunopathic diseases and with responses to microbial antigens, 616
Homeostasis, potassium, 66
Hypercalcaemia, episodic, watery diarrhoea syndrome with, 63
Hypercapnia and hypoxia, a test of the ventilatory response to, 362
Hypercholesterolaemia, treatment with oral lecithin, 262
Hyperparathyroidism, primary, presenting as a proximal myopathy, 420
Hypersensitivity reactions, allopurinol associated; cutaneous and renal manifestations, 518
Hypertension due to a renin-secreting tumour localized by segmental renal vein sampling, 630
Hypertension, malignant, with sodium nitroprusside, use of a microprocessor in the control of, 414
Hypertension, use of clonidine by intramuscular injection in the treatment of, 131
Hypotension, postural, insulin aggravated, 161
Hypothyroidism, detection following radioiodine therapy for thyrotoxicosis, use of a computer-based postal questionnaire for, 27
Hypothyroidism, muscular manifestations of; bilateral ptosis and proximal myopathy, 418
Hypoxia and hypercapnia, a test of the ventilatory response to, 362

Immunological abnormalities associated with liver disease; cause or effect? 604
Immunological abnormalities in coeliac disease and their response to dietary restriction: I. Serum immunoglobulins, antibodies and complement, 349
II. Immunoglobulin containing cells, immunoglobulins and dietary antibodies in the small bowel, 353
Immunosuppressive drugs, infrequent occurrence after medical use of; cancer and teratogenesis, 368
Infarction, acute myocardial, using Technetium 99m labelled phosphate compounds, imaging of, 1
Infectious mononucleosis, complement system in, 23
Influenza virus vaccines, live attenuated, the potential advantages and requirements, 431
Insulin aggravated postural hypotension, 161
Ischaemia, experimental myocardial, with a particular reference to regional myocardial blood flow and metabolism, effect of verapamil on, 114

Jaundice, erythromycin; diagnosis by an *in vitro* challenge test, 291
Jejuno-gastric intussusception; gastroscopic diagnosis, 515

Kidney or ureter, analgesic abuse, renal parenchymal disease and carcinoma of, 463

Landry-Guillain-Barré-Strohl syndrome in typhoid fever, 307
Laurence-Moon-Biedl syndrome in a Singhalese family, 304
Lecithin, oral, treatment of hypercholesterolaemia with, 262
Leukaemia, acute myeloblastic, with marrow fibrosis; acute leukaemia or malignant myelosclerosis? 638
Lipoproteins and blood lipids in a rural New Zealand population, 134
Liver disease, immunological abnormalities associated with; cause or effect? 604
Liver disease, plasma disappearance of intravenously injected radiolabelled glycocholic acid in patients with, 148
Liver, testosterone in the management of cirrhosis of, 596
Lungs, effects of smoking on, 649

Malignant myelosclerosis or acute leukaemia? Acute myeloblastic leukaemia with marrow fibrosis, 638
Malignant pericardial effusion in carcinoma of the breast, treatment of, 169
Marrow fibrosis, acute myeloblastic leukaemia with; acute leukaemia or malignant myelosclerosis? 638
Medicine, men and politics throughout the ages, 229
Meningitis, pneumonia and other pneumococcal infections, serotypes of pneumococci in, 267
Metastatic disease of the stomach and duodenum, endoscopic diagnosis of, 52
Microprocessor, use in the control of malignant hypertension with sodium nitroprusside, 414
Muscle, striated, effect of ethyl alcohol on; some clinical and pathological observations, 485
Mycobacterium kansasii, tuberculosis due to, 8
Myeloblastic leukaemia, acute, with marrow fibrosis; acute leukaemia or malignant myelosclerosis? 638
Myeloma, multiple, fatal hepatic coma complicating oxymetholone therapy in, 47
Myeloma, multiple, with massive Bence Jones proteinuria and preservation of renal function, 60

Myelosclerosis, malignant, or acute leukaemia? Acute myeloblastic leukaemia with marrow fibrosis, 638
Myocardial infarction, acute, using technetium 99m labelled phosphate compounds, imaging of, 1
Myocardial ischaemia, experimental, with a particular reference to regional myocardial blood flow and metabolism, effect of verapamil on, 114
Myocardial ouabain content and susceptibility to ouabain cardiotoxicity associated with circulatory volume overload in the dog, 275
Myopathy, proximal, and bilateral ptosis; muscular manifestations of hypothyroidism, 4
Myopathy, proximal, primary hyperparathyroidism presenting as, 420
Myxoedema coma successfully treated by low dose oral triiodothyronine, 163

Nail Patella syndrome; report of a family, 20
Necrosis, renal papillary, analgesic abuse and concomitant drug intake, 253
Nephritis, acute, in 50 children; clinical and immunological studies, 373
Nephrotic syndrome in Papua New Guinea, 243

Oesophageal dilatation and oesophago-gastroscopy, bacteraemia following, 32
Oesophago-gastroscopy and oesophageal dilatation, bacteraemia following, 32
Oxygen therapy for pneumatosis coli: A report of two cases and a review, 44
Oxymetholone therapy in multiple myeloma, fatal hepatic coma complicating, 47

Paget's disease of bone, a cheap oral therapy for, 259
Paget's disease of bone, clinical, biochemical and histological observations on the effect of porcine calcitonin in, 36
Pancreas, artificial, control of blood glucose in diabetics using, 280
Paralysis, thyrotoxic periodic, electromyographic study in, 507
Pericardial effusion, malignant, in carcinoma of the breast, treatment of, 169
Perinatal plasma lipid concentrations, 155
Peripheral vascular disease as a mode of presentation of pseudoxanthoma elasticum, 523
Phospholipid and cholesterol; influence of body weight on the output of lipids in mesenteric lymph, 151
Physiological responses to maximal exercise in a normal Australian population; comparative values in patients with anatomically defined coronary artery disease, 497
Plasma disappearance of intravenously injected radiolabelled glycholic acid in patients with liver disease, 148
Plasma lipid concentrations, perinatal, 155
Pleural effusion, a case of hepatitis B with, 636
Pneumatosis coli, oxygen therapy for, 44
Pneumococci in pneumonia, meningitis and other pneumococcal infections, serotypes of, 267
Pneumocystis carinii pneumonitis successfully treated with trimethoprim-sulphamethoxazole, 299
Pneumonia, meningitis and other pneumococcal infections, serotypes of pneumococci in, 267
Porcine calcitonin, effect in Paget's disease of bone, clinical, biochemical and histological observations on, 36
Potassium homeostasis, 66
Practolol therapy, exercise induced tachycardia after cessation of, 111
Proteinuria, massive Bence Jones, and preservation of renal function, multiple myeloma with, 60
Prothrombin concentrate, non-activated, use in the management of haemophilia A with factor VIII antibodies, 286
Pseudoxanthoma elasticum, peripheral vascular disease as a mode of presentation of, 523
Ptosis, bilateral, and proximal myopathy; muscular manifestation of hypothyroidism, 418
Purpura, idiopathic thrombocytopenic, current concepts of the pathogenesis and management of, 312
Pyloric septum—acquired or congenital? 302

R on T phenomenon; a time for re-appraisal, 109
Radioiodine therapy for thyrotoxicosis, use of a computer-based postal questionnaire for the detection of hypothyroidism following, 27
Renal allograft recipients and immunosuppressed renal patients, carcinoembryonic antigen in, 16
Renal and cutaneous manifestations; allopurinol associated hypersensitivity reactions, 518
Renal and hepatic disease, salivary antipyrine kinetics in, and in patients on anticonvulsant therapy, 385
Renal failure, chronic, effects of triiodothyronine administration in patients with, 612
Renal function, preservation of, and multiple myeloma with massive Bence Jones proteinuria, 60
Renal papillary necrosis, analgesic abuse and concomitant drug intake, 253
Renal parenchymal disease, analgesic abuse and carcinoma of the kidney or ureter, 463
Renal tract calculi, do Australian Aborigines suffer from, 380
Renal vein sampling, segmental, hypertension due to a renin-secreting tumour localized by, 630
Renin-secreting tumour localized by segmental renal vein sampling, hypertension due to, 630

Salbutamol and terbutaline aerosols, comparison of, 13
Salbutamol, oral, and oral theophylline in exercise-induced asthma, a comparison of, 270
Salivary antipyrine kinetics in hepatic and renal disease and in patients on anticonvulsant therapy, 385
Scintisplenoportography, demonstration of surgical portasystemic venous shunts by, 511
Serotypes of pneumococci in pneumonia, meningitis and other pneumococcal infections, 267
Serum anti-native DNA antibodies and complement C3 and C4 components in the management of patients with systemic lupus erythematosus, 625
Smoking, cigarette, in a cohort of Sydney schoolchildren, 1971–1974, 470
Smoking on the lungs, effects of, 649
Sodium nitroprusside, use of a microprocessor in the control of malignant hypertension with, 414
Stomach and duodenum, endoscopic diagnosis of metastatic disease of, 52
Surgical portasystemic venous shunts, demonstration by scintisplenoportography, 511
Systemic lupus erythematosus, the significance of serial measurement of serum anti-native DNA antibodies and complement C3 and C4 components in the management of patients with, 625
Systemic lupus, recurrent venous thrombosis with a "lupus" coagulation inhibitor in the absence of, 422

Tachycardia after cessation of practolol therapy, exercise induced, 111
Tachycardia, paroxysmal supraventricular, recent insights into; an integrated approach to diagnosis and therapy, 121
Teratogenesis and cancer; infrequent occurrence after medical use of immunosuppressive drugs, 368
Terbutaline and salbutamol aerosols, comparison of, 13
Testosterone in the management of cirrhosis of the liver, 596
Theophylline, oral, and oral salbutamol in exercise-induced asthma, a comparison of, 270
Thiamine status in alcoholism, 475
Thrombocytopenic purpura, idiopathic, current concepts of the pathogenesis and management of, 312
Thrombosis, recurrent venous, with a "lupus" coagulation inhibitor in the absence of systemic lupus, 422
Thyrotoxic periodic paralysis, electromyographic study in, 507
Thyrotoxicosis, use of a computer-based postal questionnaire for the detection of hypothyroidism following radioiodine therapy for, 27
Tissue antigens; autoantigens, alloantigens, xenoantigens and neoantigens, 172
Torulopsis glabrata urinary tract infections in diabetic patients in Singapore, 56
Triiodothyronine administration in patients with chronic renal failure, effects of, 612
Triiodothyronine, low dose oral, a case of myxoedema coma successfully treated by, 163
Trimethoprim-sulphamethoxazole, pneumocystis carinii pneumonitis successfully treated with, 299
Tuberculosis due to mycobacterium kansasii, 8
Tumour antigens and their relation to host defence mechanisms, recent views on, 526
